# SEIZURE WATCH - Weekly Smuggling Routes

Reporting week: Monday 12 October - Sunday 18 October 2026 (Europe/Brussels)

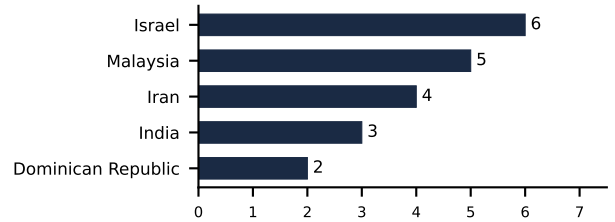

- 2369 events were logged; 41 had a usable origin-to-destination route (41 routes, 30 corridors), up from 10 usable routes the week before (1930 events).
- Leading corridors: Israel to Jordan (5), Malaysia to Japan (4), India to Saudi Arabia (2). Largest reported quantities: Israel to Jordan (10,534 kg) and India to Saudi Arabia (8,726 kg).
- Not seen as routes the week before: Israel to Jordan, Malaysia to Japan, India to Saudi Arabia, Mexico to United States, Dominican Republic to Puerto Rico. Rising: Iran to Turkey (1 to 2).
- Drug types on mapped routes: Cocaine (12), Cannabis (9), Methamphetamine (7), NSA (5). Regions: Middle East (Israel, Jordan, Syria, Lebanon, Iran, Turkey), South and South-East Asia to the Gulf and Japan, and the Americas (Mexico and Dominican Republic to the US and Puerto Rico).

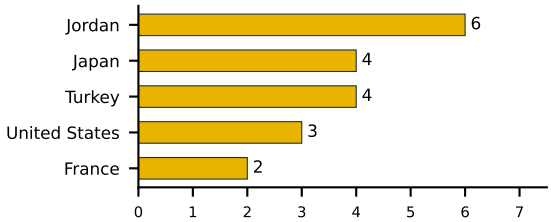

## Top origin-to-destination corridors (events, total kg where reported)

## Top 5 origin countries

## Top 5 destination countries

Coverage: 2369 events in the week; 41 with a usable route (origin and destination both known, different countries); 260 origin only, 41 destination only, 1999 neither (69 had both ends known, including domestic cases with the same country at both ends, which are not drawn). 100% of events are unverified. Transit countries (India via Ethiopia to Saudi Arabia; Malaysia via Singapore to Japan; Turkey via Bulgaria to Romania) are noted here but not drawn. All countries could be placed on the map.

Source: open-source news, automatically collected and risk-scored by Seizure Watch. Routes are as reported and unverified reports should be confirmed before operational use.
